

I am concerned about the impact of this LPFM proceeding on the primary radio station that we listen to (K-LOVE). There are currently precious few media outlets these days that consistently carry positive and encouraging words in both speech and song...K-LOVE is one of those. Furthermore the station exhibits high moral standards in all it does and preaches love to everyone. Our community (in fact all communities) need these stations as an alternative to the many stations that broadcast songs and information that is negative and/or immoral. I know that our family is encouraged by this station, and I believe that all who listen are encouraged as well...and are taking in positive and moral messages. We need more stations such as K-LOVE, certainly not less. In general, K-LOVE provides a wonderful service that is clearly in the public interest in an age where I believe that many stations are broadcasting songs and information that carry a message that is extremely harmful to our community and is highly detrimental to the public interest. The last thing I want is to lose K-LOVE and potentially 'gain' another station with a message of violence and immoral sexuality. Please do not endanger K-LOVE's message by allowing LPFM broadcasts to override K-LOVE's translator signals.

Thanks for listening.
